

Navigate the new codes with military precision

You don't need to sacrifice equipment quality under the new, lower reimbursement guidelines to provide your customers with the best power mobility products in the industry! With Merits products, you can feel good again about the top quality wheelchairs and scooters you provide your customers—without sacrificing profits.

Because Merits cares, we have developed a Survival Guide and one-page Quick Reference Survival Guide to help you navigate power mobility documentation requirements under the new codes. To download a copy of the survival guides, go to meritshealth.com/doc/survivalguide.pdf. You can also download the helpful Quick Reference Guide at meritshealth.com/doc/quickreferenceguide.pdf.
